Using the PW-GT570 for the first time

Inserting the batteries

1. Set the battery replacement switch on the bottom of the unit to the "lock (使用時)" position.
2. Remove the battery cover by sliding it in the direction indicated by the arrow.
3. Make sure the battery polarity is correct.
   - Insert the batteries over the ribbon tab, being sure not to cover the end of the tab.
4. Insert the battery cover horizontally when putting it back in place.

Opening the unit and pressing (A) to turn on the power.

After displaying the message "Welcome to Papyrus World", the calibration screen for the handwriting pad appears.

If the power cannot be switched on, perform the following procedure.

- Make sure the battery replacement switch is in the "lock (使用時)" position and press (A) (B) again.
- If the power still cannot be switched on, try performing steps 1 through 6 in the above procedure once more.

Pull out the stylus and use it to accurately touch each center of the four "+" characters displayed on the handwriting pad.

Touching each center of the four "+" characters displays the LCD contrast adjustment screen.

Adjust the LCD contrast of the main display by pressing (C) or (D) on the pad.

Adjust the LCD contrast of the handwriting pad by touching (C) or (D) on the pad.

After these adjustments, press (E). The handwriting pad is set to the English character entry mode.

Press (F) to move the cursor to the Japanese entry area.

The handwriting pad is now switched to enter kana and kana.

Use the stylus to draw "卐" in the handwriting area.

The character shown in the candidate list display area is also placed in the entry area so that the dictionary search can proceed.

When manual recognition is used, press (G) to have the dictionary recognize the entry.

If the character in the entry area is not the one you desired, use the stylus to touch and select the desired character in the list.

If you cannot find the character in the list, touch (H) to erase it and redraw it on the pad.

Example: Enter a Japanese word "地震" from a Japanese-English dictionary

1. Press (I).
   - The candidate list display screen appears.
   - If the dual-frame pad is displayed, touch (J) to switch to the single-frame pad.

2. Press (K) to enter "地震" in the entry area.
   - When you start drawing, the previous entry is confirmed and then erased.

3. Use the stylus to draw "卐" in either of the framed areas.
   - When automatic recognition is used, the entry is recognized within one to two seconds after the stylus is moved away from the handwriting pad, and the candidate character appears in the entry display area.
   - When the recognition is used, you need to touch (A) to have the dictionary recognize the entry.
   - When you enter two or more characters, the entry is recognized immediately after you start writing the next character in the other framed area.

Likewise, enter "卐" and "卐" in the entry area.

5. Repeat steps 3 and 4 to enter "卐" and "卐".

6. Press (N) to enter the dictionary's entry field.

7. Use (O) or (P) to select a candidate and press (Q).

The details screen is displayed.

Entering characters using the single-frame pad

Example: Enter a Japanese word "地震" from a Japanese-English dictionary

1. Press (I) to switch to the single-frame pad.
2. Touch (J) to enter "地震" in the entry area.
3. Use the stylus to draw "卐" in either of the framed areas.
4. If a character is recognized incorrectly, use the stylus to touch and select the desired character in the list, and touch the dictionary's entry field.

Entering characters using the handwriting pad

Selecting a content/function in the menu display
Press (メニューボタン) .
The menu display (contents/functions selection display) appears.

Category menu
Select an item by pressing (メニューボタン) or (メニューボタン) and their pressing order.
Or, select an item by typing (00 to 09) and then use (メニューボタン) or (メニューボタン) to select the category menu item.

Individual menu
Select an item by pressing (メニューボタン) .
Or, use the numeric keys (00 to 09) and then use (メニューボタン) or (メニューボタン) to move the highlight to the desired mark and press (メニューボタン) to play back the contents.

Menu display
(contents/functions selection display)

Menu operation
The menu display shows a list of category menu items each with a two digit number (00 to 09) at the tip of the screen.

Some category menu items are divided into subcategory types, which are indicated by 1 II or III on the tabs above their names.

When you press (メニューボタン) to open the menu display,
( "Japanese dictionary") , which is the first of the category menu items, is selected and its tab is shown larger than the others.
The selected menu items and subcategory types are changed every time (メニューボタン) or (メニューボタン) is pressed. The individual menu below shows the contents of the item.

Global search function
You can search for a word in several target dictionaries.
Enter a word in any of the "日本語 (Japanese)" and "スペル" (English spelling) fields to search within the target dictionary.

As you type, the candidates for matching narrow (filter search). If there are still many candidates after entering the whole word, you can switch to "exact search" to browse only the exact word you wish to have defined.

Japanese hiragana characters have to be entered by hand.

Example: Global search for the word “advantage.”
1 Press (メニューボタン).
The global search entry screen appears.
2 Press (メニューボタン) and enter "advantage" in the "スペル:" field.
As you type, the candidates for matching narrow.
3 Press (メニューボタン) to search by "exact search".
The list of words corresponding to your entry appears.

To change the entry, press (メニューボタン) to return to the filter search screen and enter again.

4 Select the desired word using (メニューボタン) or (メニューボタン) and press (メニューボタン).
The details screen of the word appears along with its definitions.

If many candidates are listed for a word and it is difficult to decide which word is the correct one, the preview display will help you by providing a brief note about each word.

Each time you press (メニューボタン) while candidates are listed, the preview display will be shown on the right, shown on the bottom, or turned off in this order.
(The preview display is turned on in this screen example.)

Preview display function

Using the mark on the screen
Appearance of the marks ( , , , , )
on the details screen indicates more information related to the entry is available, such as example sentences, explanations, notes, illustrations or diagrams.

In this case, touch (メニューボタン) to select the first mark, and the color of the mark is inverted.

Press (メニューボタン) or (メニューボタン) to move the highlight to the desired mark and press (メニューボタン) to play back the contents.

To exit, press (メニューボタン) twice.

When the mark appears, audio of the displayed information can be played back.

Press (メニューボタン) or (メニューボタン) to select the first mark, and the color of the mark is inverted.

Press (メニューボタン) or (メニューボタン) to move the highlight to the desired mark and press (メニューボタン) to play back the contents.

Example:
Play back the audio using "英会話とっさのひとこと 詞典".
1 Press (メニューボタン) use (メニューボタン) to select "英語系 I", and then use (メニューボタン) to select "英会話とっさのひとこと 詞典".

The details screen of the selected word appears.

Adjusting the audio playback speed
After audio playback, the audio playback speed setting button shown below is displayed on the handwriting pad. You can change the audio playback speed by touching the desired button.

(The playback speed is set to "標準" in the default setting.)
